totion to Direct a Verdict in Favor of the City Overruled by Judge Stanton-More Legal Sparring at Thursday's Session.

The trial of the case against the city of Burlington for \$25,000 damages for the eath of John A. Leary, alleged to have een caused by negligence in connection with the wires of the municipal lighting slant, was resumed in Chittenden county ours Thursday.

Until late afternoon the session was particularly quiet. Then the city's electrical expert was put on, and things beann to happen. To Mr. Bullard the answers of the witness seemed unresponsive, and he objected rather suddenly. Mr. Austin, who appeared less dissatisfied with the answer, objected to Mr. Bulard's manner of objecting, which he haracterized as jumping in the face of he witness. Mr. Bullard then objected o Mr. Austin's manner of objecting to is objection. The court took up the obections one by one and manused to disse of them. Mr. Austin's remark that Bullard objected when the answer cas hurting also caused a protest, and

Mr. Pairbanks was first questioned about the fixture in use in the Leary house at the time of the arcident and found in his hand after death. The witwas stated that this fixture was not and available at that time a kind of fixture that would have been safe for th 2,500 voits which are claimed been on the wire. A fixture of the hind designated was shown the fury.

.401 CALIBER

Self-Loading Rifle

This five-shot repeater has speed and

power plus. It is speedy because, being

reloaded by the recoil of the fired cartridge,

it can be shot and reloaded by simply pull-

ing the trigger. It is powerful because it

handles a cartridge of the most modern

type—one that strikes a blow of 2038 pounds.

The combination of such power with the

rapidity of fire which this rifle is capable of,

makes it unusually desirable for hunting

the biggest of game. The Winchester

Model 1910 not only shoots a heavier

bullet and hits a harder blow than any

other recoil-operated rifle, but it also sur-

passes all other rifles of this type in

the strength and simplicity of its action.

Examine one of these rifles before se-

lecting a gun for your next hunting trip.
